# Strengthen collaboration and communicate with ease

Create instant collaboration spaces in today's open plan offices and let thoughts flourish. Nobo Flipchart easels are flexible and adaptable to any work environment, turning uninspired rooms into active workspaces.

Versatile flipchart easels are an essential part of brainstorming, sharing information and communication

True performance starts with selecting the right product for the right location - the two most important factors to consider are:

- the level of usage you anticipate and
- the environment the flipchart easel will be used in

## Choose flipchart easels based on your room design and mobility requirements

Mobile easels can easily be positioned in different areas of the room to facilitate discussion, or moved to other rooms as needed, while stationary easels are ideal for rooms with a standard layout

### Mobile Flipchart Easels

Sturdy castors for easy movement - once in use, castors lock in place to ensure stability.

### Stationary Flipchart Easels

Static legs are height adjustable and fully retract for easy storage.

## Select the easel surface that meets the demands of your users

Without paper, Nobo flipchart easels can also be used as drywipe boards. It is therefore important to understand the level of usage you may have for your flipchart easel in order to choose the right whiteboard surface type

**Best** ★★★★★ Painted Magnetic Steel surfaces resist staining and ghosting

**Good** ★★★☆☆ Non-Magnetic surfaces require regular cleaning

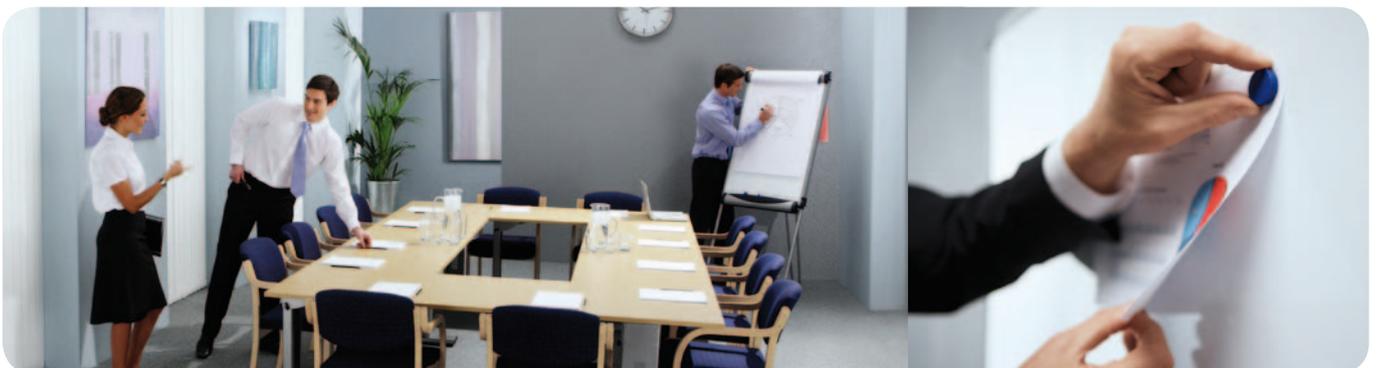

# Nobo Piranha Flipchart Easel

The Piranha Flipchart Easel is the perfect choice for a professional presentation. Available in either mobile or stationary formats, both models have extending arms to display extra pages and a removable rule for straight writing or underlining. The Piranha doubles as a magnetic drywipe board and includes a folding pen tray, a flip-up pad clamp and sliding pad hooks to ensure it fits most pads.

1901920	Piranha Mobile Easel	Magnetic

# Nobo Shark Flipchart Easel

The Shark Flipchart Easel is cleverly designed with extending arms either side to hold extra pages while the easel doubles as a magnetic drywipe board. It includes a full-width pen tray with integral pen clips, a flip-up clamp to make it easy to change pads and sliding pad hooks to ensure it fits most pads. Its tripod legs adjust for height and fully retract.
