Legamaster Cash & Carry shop

The Legamaster cash & carry range is convenient, informative and user-friendly. The special see-through packaging, of the boards

and accessories, ensures the products create a high visual impact and helps to encourage a high product turnover.

Legamaster cardboard display

With the attractive lay-out of this versatile display, the customer can quickly decide which product is most suitable to purchase.

There is no complicated text on the display or header. However, it is possible to incorporate an A4 flyer within the header should you require additional customer specific information.

Each display contains 2 headers:
1x ACCENTS &
1x UNIVERSAL.

The display's contents have been specially selected to offer the most suitable solutions for the widest possible audience. This in turn allows its appeal to be universal amongst the modern mass market.

The number of boards which are contained vertically in the two standard versions are:

- Accents:
8x (60x90cm) &
5x (40x60cm).
- Universal:
10x (60x90cm) &
5x (45x60cm).

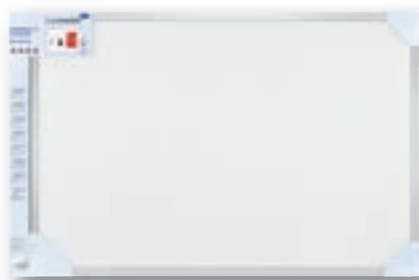

The complete range

From push-pins to board markers: the Legamaster C&C range has it covered.

■ **The blister packaging:**

with keywords such as convenient, simple, informative and user-friendly, all the new blister packs are designed with the modern mass market in mind.

■ **The see-through board packaging:**

whether it be whiteboards, pinboards or planners, Legamaster's new packaging allows the customer to see exactly what he is purchasing in advance. In addition, it also includes suggested applications and contains all the essential product information to make the right product choice that little bit easier.

■ **The standard product packaging:**

from board erasers to accessory kits our 'corporate design' packaging emphasises Legamaster's quality and reliability whilst complementing the C&C rang perfectly.

This brochure presents Legamaster's complete Cash & Carry range.

Accents, whiteboard and planner range

The ACCENTS family consists of new whiteboards and planboards in two new attractive lay-outs and formats with colourful ACCENTS:

Linear: characterized by an emphasis on single lines with subtle gradient

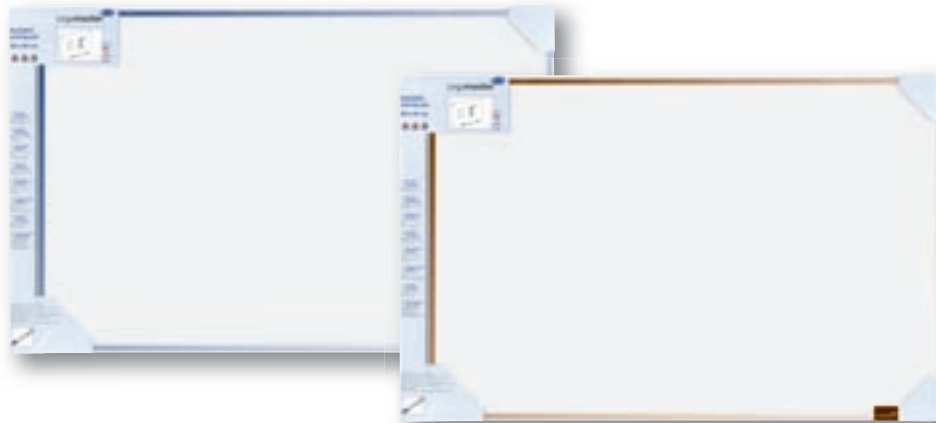

Grid: characterized by a network of horizontal and vertical lines

All boards have new and stylish 3D designs creating depth in the layout. This effect is strengthened by the print which flows from the front of the board to the sides and by the duo colour tones and the overlapping of colour.

All whiteboards and planboards in both the designs Linear and Grid are available in two refined and fresh colours: Cool (blue) and Warm (brown).
